

LOWE PROPERTY CARE

LPC VOLUNTEERING DAY AT HOPEFIELDS

The Lowe Property Care team recently spent a rewarding day volunteering at Hopefield Animal Sanctuary in Brentwood, lending a helping hand to support the sanctuary's incredible mission.

Throughout the day, the team tackled a range of essential tasks—from cleaning enclosures for animals such as ducks and cows, to making sure they had clean, comfortable spaces to enjoy. A major project involved carefully dismantling an old, disused shed. Piece by piece, the team took it down and safely cleared all materials, contributing to a cleaner and safer environment.

From wheelbarrows full of hay to buckets of animal feed, the team's spirit of teamwork and enthusiasm shone through in every task.

Hopefield Sanctuary provides a vital service in caring for animals in need, and it was a privilege for Lowe Property Care to contribute to such a meaningful cause.

Updates at LPC this month

New Joiners:

We're excited to welcome several new people to the Lowe Property Care team as we continue to grow and expand our services.

We are pleased to introduce our new Maintenance Operatives, who bring valuable skills and energy to our operations team. Their contributions will support us in maintaining the high standards our clients expect.

We're also thrilled to welcome Bill, our new Business Relationship Manager. With a strong background in relationship management, Bill will focus on building and strengthening partnerships with our commercial clients. His expertise will play a key role in expanding our network and supporting our continued growth.

Please join us in giving a warm welcome to all our new team members — we're glad to have you on board!

Staff Training:

We're pleased to share that Ricky, our Operations Manager, has recently completed accredited courses in Fire Safety and Health, Safety & Welfare. This achievement reflects our ongoing commitment to professional development and workplace safety. Ricky's enhanced knowledge will further strengthen our ability to maintain safe, compliant environments for both our team and our clients.

Well done, Ricky — and thank you for helping to raise the standard across the board!

Bi-Weekly Garden Maintenance

A biweekly garden maintenance service has been scheduled to ensure the property grounds remain tidy and well-kept.

This includes lawn mowing and general upkeep to maintain a presentable appearance.
