

LOWE PROPERTY CARE

UPDATES AT LPC

- We are pleased to welcome Ben to the team as our new Electrical Maintenance Operative, who brings valuable experience and technical expertise that will greatly support our team across the wide range of projects managed by Lowe Property Care. His skills in electrical maintenance and problem-solving will be a strong asset as we continue to deliver safe, high-quality work for our clients.
- Over the last few months, our team successfully completed several jobs at one of the buildings, giving the property a fresh new look- even down to the smallest details. The works included refitting the fireplace, deep cleaning, fitting new curtains and weeding and tidying the garden. This project showcased the team's commitment to quality, safety and attention to detail!
- Also, the team carried out painting, decorating and general improvement works at a customers property. The works included touching up paint throughout the property, full redecoration of landing and hallway, fence panel replacement, concrete works, external window finishing and patio cleaning. Every detail from structural improvements to finishing touches was handled with precision and care.

Volunteering Day for LPC

Another volunteering day at Hopefield Animal Sanctuary

Our team recently had another incredible opportunity to volunteer together as a team at Hopefield Animal Sanctuary, helping to build an extension for their exotic animal section. It was a morning full of collaboration, problem-solving and hands-on teamwork.

Not only did we get to put our skills to practical use, but it was also a rewarding experience to support the wider community and make a real difference for the animals and staff at Hopefield. This volunteering day is just one example of our ongoing partnership with Hopefield where we continue to provide support and work for them outside of volunteer days.

Days like this remind us of the power of teamwork, communication and the positive impact we can have when we come together for a good cause.
