

LOWE PROPERTY CARE

Updates at Lowe Property Care

Vinyl Flooring Repair

- One of our clients recently reported vinyl flooring beginning to ‘bump out’, creating an uneven surface and a potential trip hazard. Our team attended promptly, assessed the cause and carried out the necessary repairs to re-secure and level the flooring, leaving the area safe, tidy and back to normal use.
- It’s a simple reminder that small issues can quickly become bigger problems if left unchecked - and that’s exactly where we can help - no job is too small for us!

Electrical Works

- Our team recently completed a couple of electrical tasks on a clients site to keep areas safe and working. We replaced faulty emergency lights, ensuring the system is compliant and ready to perform in an emergency.
- We also were informed of their office lights being too bright, the existing lights were safely disconnected and the ceiling finish was made good with replacement ceiling tiles, leaving the area neat, comfortable and fit for use.
- As always, whether it’s a small adjustment or a larger project, we’re here to help keep your buildings safe, compliant and running smoothly.

Continuing our work at Hopefield this year....

Hopefield Animal Sanctuary - Back on Site

- We are pleased to be returning to Hopefield Animal Sanctuary this year to continue supporting them with their ongoing improvements.
- Our team will be stripping down the existing toilet block to make way for us to build their new replacement facility. This will help improve the experience for visitors.
- Alongside this, we'll also be carrying out the changes to their cafe, helping Hopefield continue to develop and enhance their visitor spaces.
- We are always proud to support the fantastic work they do and we are looking forward to sharing progress as the project moves forward.
