

LOWE PROPERTY CARE

Fire Door Inspections and Remedials

- Our team at Lowe Property Care successfully carried out comprehensive fire door inspections, assessing a total of 149 doors to ensure compliance and safety standards were met.
- Following these inspections, we completed remedial works on 36 doors, addressing any issues identified and ensuring they now meet the required fire safety regulations.
- Fire doors play a critical role in protecting lives and property, and regular inspections are essential to ensure they remain fully compliant and effective.
- If your property requires fire door inspections or remedial works, our experience team is here to help!
- We offer reliable, compliant, and professional services tailored to your needs.

Roof Remedials and Upgrades

At Lowe Property Care, we continue to support our clients with high-quality roofing solutions and remedial works to ensure long-term protection.

Recently, our team has delivered roof remedial works, including the supply and installation of new cold-applied GRP fiberglass roofing systems. This system provides a durable, weather-resistant and low maintenance solution.

Alongside this, we have also carried out guttering replacements, ensuring effective water drainage and preventing potential issues such as leaks and structural damage.

If your property requires roof remedials, GRP roof installation or guttering replacement, our experienced team is here to help.
