

# LOWE PROPERTY CARE

## *When You Call, We Answer*

Recently, we received a job request to help with an office clearout in Plymouth. No matter the location, when a client needs us, we do our best to respond quickly and provide the support needed.

## *Things We've Been Up To Recently*

Over the past few weeks, we've been busy supporting clients with a range of property care and maintenance work.

From repairs and maintenance solutions to commercial property works and home repairs, we've continued helping customers with practical, dependable support.

- Carried out repairs to porch support, followed by filling, sanding and painting to achieve a neat finished result.
- Replacing slabs at the front of a property and re-bedding uneven slabs at the rear to improve safety and appearance.
- Completing EICRs and carrying out the remedial works identified.
- Undertaken repairs at a customer's house, including repairing a structural pillar.

## [Brand New Toilet Block at Hopefields](#)

We are proud to share a recent project completed for Hopefield Animal Sanctuary, where our team built a brand-new toilet block from scratch.

The new facility includes ladies' toilets, men's toilets, and an accessible disabled toilet, providing practical and much-needed amenities for visitors, staff, and volunteers at the sanctuary.

This project is a great example of our ability to take on larger-scale works and manage them from start to finish. From the initial set-up and groundwork through to the construction, installation, and final finishes, our team coordinated each stage to ensure the finished result was functional, high-quality, and tailored to the client's needs.

We are delighted to have played a part in improving the facilities at Hopefield Animal Sanctuary and supporting the important work they do.
